				$10,734.85	
Net Unexpended Balance				$16,438.22	

Selectmen's Report

To the People of Rye, New Hampshire:

The Rye Harbor Improvement Project has virtually reached the start of construction phase. The project has been approved at all levels (local, state and federal) and required funds are assured. This project will be administered by the N. H. State Port Authority who is currently working with the Army Engineers, the State of New Hampshire and the Town of Rye in coordinating the many attendant details.

Other projects of interest to the citizens of Rye which are in the planning stage by the State of New Hampshire include long range plans to take advantage of the further recreational potential of the Rye Harbor area, the development of Odiorne's Point (harbor dredging, marina, picnicking, camping and bathing facilities), and the addition of parking and toilet facilities at Wallis Sands State Beach. The N. H. Highway Department is also developing long range plans to provide the highways adequate to handle the traffic increases occasioned by these additional recreational attractions within the town.

Our congratulations to the Bethany Church in the completion of their beautiful new church building. This edifice, together with the site on which it stands, is a hallmark for which the town can be justly proud. The enthusiastic interest and cooperation of the parishioners in the further development and beautification of town owned property near and about the church is also appreciated.

The death of A. Manning Remick on August 26, 1961 and Charles W. Parsons on November 8, 1961 has deprived Rye of two dedicated citizens whose exemplary service will long be remembered. Mr. Remick, our Chief of Police for 27 years (1923 to 1950) commanded and deserved the respect of all. Mr. Parsons, although with us

for less than four years after his retirement from active employment had, in that short time, served as Planning Board member, Library Trustee and Civil Engineer.

Again our thanks to the Rye V.F.W. Post for the excellent Memorial Day service and parade and to the ladies of the R.V.F.D. Auxiliary for the fine meals served to election officials of our 1961 Town Meeting.

Veterans desiring tax exemptions accorded them by N. H. State Law are again reminded that it is their responsibility to request the necessary "Request for Exemption" form.

From 1950 to 1960, the population of Rye increased 63.7% (1,982 to 3,244). This information is food for thought in connection with the rise in our municipal and school operating costs.

The Board of Selectmen public meetings are held on the first Monday evening of each month.

Respectfully submitted,

JOSEPH O. VARRELL,
ROBERT B. GOSS,
GORDON E. STAPLES,
Selectmen of Rye.

SELECTMEN'S REPORT

Invoice

For the year ending December 31, 1961

Land and Buildings		$11,190,250.00
House Trailers		8,675.00

Highway Agent's Report

To the Citizens of Rye:

This year we came through the winter and spring without any large breakups in the road surface. Such conditions have in some previous years cost a large amount of money to repair. One year we spent over three thousand dollars on one road before we had it ready for summer travel. I feel that the contractors who kept their trucks off the roads for about two weeks when the frost was coming out had much to do with our roads not breaking up.

We paved Rye Center with hot top and laid plant mix on Cable Road. Because of the soil conditions and poor drainage on Cable Road it will be interesting to see how this surface will stand the winter and spring.

We had some trouble with our dump during the time when it was too dry to burn. The great amount of garbage that piled up attracted sea gulls that made a nuisance of themselves in that area of the town. We were told by the State Board of health that we would have to bury the dump during these periods. To keep the amount of rubbish that comes into the dump during a dry spell covered could be very expensive.

It would seem the time has arrived for the Town to plan some other method of dumping.

There are many methods of rubbish disposal and all are subject to debate. In any case the Town will have to relocate the dump because the area left in the present dump is not big enough for long range planning.

CHARLES P. GORDON,
Highway Agent.

Fire Chief's Report

In the past few years we have purchased fire hose and equipment and now feel we have adequate supply for the trucks we have. In the future it will be necessary to replace only that which is broken during the year.

For some time we have realized that our alarm system does not alert our call men the way it should. We have been studying alerting methods and feel a home unit controlled from the station will be effective and economical to purchase.

The Insurance Underwriters of New Hampshire set up certain requirements that must be met in order to hold your insurance rating. One is that a fire truck cannot be over twenty years old. We have a truck that is fast approaching that age. It will be necessary to do something and we plan to enter the item in the budget.

I wish to thank the Firemen's Auxiliary for their work, the people who have donated to the Volunteer firemen and to Mr. Edgar J. Rand who gave an electric stove for our kitchen.

Your Fire Department received eighty-six calls during the year of 1961 as follows:

Chimney Fires	4
Flooded oil burners	3
Resuscitator	23
Grass Fires	7
Brush Fires	3
Wash gas off road	1
Car Fires	2
Overheated Motor	1
Brush Dump	4
Rubbish Dump	6
Electric Range	1
Building Fires	7
House Trailer	1
False Alarm	1

Hot Fat on Stove	1
Floor Furnace	2
Checked Out Smoke	4
Rubbish Fires	3
Ambulance Calls	9
Mutual Aid to Portsmouth, Greenland, Pease Air Force Base	1 each
Portsmouth responded to Rye	6
Greenland, North Hampton, Pease Air Force Base responded to Rye	1 each
	through Mutual Aid

CHARLES P. GORDON,
Fire Chief.

Forest Fire Warden's Report

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us: the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

The things that are required of you:

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

1961 Fire Record

Municipal Court

We have completed our first full year at the Rye Municipal Court with the Honorable Gerald F. Giles presiding justice. We are happy to report that there were no serious cases either against persons or property in Rye during the year 1961.

As was reported the preceeding year the court disposed of 225 cases. This past year the court disposed of 273 cases, an increase of 48 cases.

Of these 273 cases, 271 were classified as misdemeanors and 2 were felonies. Of the 271 misdemeanors, 204 were motor vehicle offenses and the remaining 67 cases were fish and game offenses, drunkenness, possession and procuring beer by minors, etc.

The majority of cases were motor vehicle offenses, brought before court by our local and state police departments. Law enforcement of this nature has made our town a safe community in which to live.

The Rye Municipal Court and those associated with it wish to take this opportunity to express our appreciation to the town officers for their cooperation during the past year.

Respectfully submitted,

CHRISTOPHER S. CHRISTO.
Clerk.

CHRISTOPHER S. CHRISTO,
Clerk, Rye Municipal Court.

We, the undersigned, have examined the foregoing accounts and find them correct.

RALPH E. BERRY,
JOHN E. JOHNSTON,
Auditors.

Rye Police Department

TO THE CITIZENS OF RYE:

I wish to express my appreciation to the Rye Fire Department for their assistance during the past year.

I would like to personnally thank the persons who assisted me by their interest and generosity in making it possible to obtain a Cadillac ambulance for the town.

Walter E. Dockham, Jr. was appointed in May to replace Officer Spinks who resigned.

The past year has been a busy one for the department. The work load steadily increases each year. We had quite an increase in complaints in the beach area during the summer months. I hope to correct this condition by adding another summer patrolman. For several years we have had a patrolman in the Wallis Sands area which has helped greatly. Another man is needed to cover the south end of the town (Jenness and Rye Beach areas) on patrol and traffic duty.

The following is a list of offenses and miscellaneous items that were handled by the Department during the year:

COURT CASES

Criminal:

Drunk	4
Beer or Liquor to Minors	5
Minors with Beer or Liquor in their possession	27
Town Ordinance	5
Rubbish on Highway	4
Receiving Stolen Property	1

Motor Vehicle:

Allowing Unlicensed Person to Operate	1
Driving While Intoxicated	5

Grossly Careless and Negligent Operation	7
Misuse of Plates	2
Operating Improperly Registered Vehicle	1
Operating Uninspected Vehicle	2
Operating Unregistered Vehicle	3
Operating without a License	11
Solid Line	32
Speeding	33
Stop Sign	48
Noisy Muffler	2
Inadequate Brakes	1
Operating After Rights Denied	1
Road Racing	2
Total Criminal and Motor Vehicle	197

Miscellaneous:

Juvenile Cases	11
Neglected Children	2
Motor Vehicle Warnings	103
Suspension of Operators' Licenses	17
Accidents Investigated	54
Parking Tags Issued (Fines)	113
Parking Tags Issued (Courtesy)	18
Complaints Received and Investigated	317
Stolen Cars	2
Stolen Cars Recovered	3
Beach Fire Permits Checked	450
Ambulance Calls	69
Pistol Permits Issued	14
Summons Served for Other Departments	12
Cottages Inspected	676
Dog Cases Handled	73
Doors and Windows Found Open	42
Emergency Messages Delivered	31

Respectfully submitted,

ELI W. PERRY, *Chief.*

Health Officer's Report

Only two cases of communicable diseases were reported to the local Health Officer during the past year. No doubt there were more cases that were not reported to the Health Officer. But no epidemic occurred.

A number of complaints of overflowing septic tanks and improper garbage disposals were received, investigated and corrections recommended.

Respectfully submitted,

WALTER M. ANDERSON, M. D.,
Health Officer.

Planning Board

The Planning Board of the Town of Rye held four regular meetings under the chairmanship of Mr. Vincent H. Boutillier. The meetings combined several petitions at one sitting to accomplish more at one time. This was done as frequently plans are lacking in sufficient detail and several meetings must be held before final approval can be made.

The Board approved four petitions on sub-division plans. There were six petitions presented which were not in compliance with the Regulations and were either rejected or tabled for further action.

Mosquito Control Committee

The Committee was active in making recommendations to the Selectmen for mosquito control work. Thru this effort the Town joined the Southeastern Mosquito Control Project. This is a newly formed organization of surrounding towns to combat the mosquito menace. This enabled the town to receive an up to date and thorough report on the problem. The survey and report was made by Mr. Frank Bennett, Jr., a biologist with considerable experience in this field.

The report stated that the tidal salt swamps in our area was the major cause of our problem. A map was included with the report.

The suggested immediate relief was for aerial spraying for larval control. Larval control was recommended to prevent the adults from hatching out. This was done on May 10th and 11th, under Mr. Bennett's supervision. A follow-up check several days after indicated a 90% kill of the larvae. In the weeks that followed and up until late June there was a noticeable lack of mosquitos.

The project suffered a severe set-back when a letter from the Water Pollution Commission of New Hampshire, was sent to Mr. Bennett. This stated that a complaint from the New Hampshire Fish and Game Commission said that we had killed fish with the above mentioned spraying, and further spraying would make him personnally liable. Mr. Bennett resigned from his position on June 3rd.

A meeting of all parties concerned: the Fish and Game representatives, Water Pollution Board representatives, Selectmen of Rye and members of the Southeastern Mosquito Control Project was held on June 21. It was agreed to let the Water Pollution Board know of any subsequent spraying of water and to obtain their permission before the work was carried out.

Another spraying was recommended for the 1st of July, after a larvae check showed that they were in great

numbers in the water. The helicopter operator available was hampered by weather conditions at the time and could not do the job. Other helicopter operators were contacted but they were engaged elsewhere. Consequently, the hatch became adults and roadside ground spraying was once again employed.

In August it had been at first recommended to make another helicopter spraying and the services were engaged. However, further checks by Mr. Bennett caused this decision to be reversed, as the larvae stage was too far developed. It was then decided to do more ground spraying. The use of ground fogging with malathion was sought, but not feasible because of highway work. The private mist fogging was continued.

The following is a list of town expenditures for this work:

To Southeastern Control Project (Includes salary of Mr. Bennett for work in Rye only)	$142.75	
Wiggins Airways, helicopter spraying (2 days — 700 acres)	350.00	
Hartney Spray Corp. (700 gals. DDT mixture)	420.00	
Roadside Spraying, Abbott Bros.	2,328.50	
Total		$3,241.25

R. NORMAN STERN,
Secretary, Planning Board.

February 10, 1962

Report of the Board of Adjustment

The Rye Board of Adjustment received five applications for variances during the year.

The Board granted variances to four applicants and disapproved one application.

In addition to its regular meetings the Board held five

public hearings.

The Board holds its regular monthly meeting at the Rye Town Hall at 7:30 P. M. on the first Tuesday of each month.

Respectfully submitted,

L. S. STEWART, *Clerk.*

Report of Library Trustees

The sudden death on November 9 of Charles Warren Parsons was a severe loss to the town, and in particular to the Board of Library Trustees. Mr. Parsons had served as Treasurer of the Board since his election in 1959 and was Chairman at the time of his death. He was the son of one of the earliest Trustees, Mr. Frederick Parsons, and had been interested in Library affairs for many years. He was tireless in his efforts for library efficiency; and wise and farsighted in his grasp of library problems. The Trustees feel his loss very keenly.

The Trustees announce the establishment of a Memorial Fund account which consists of a $500.00 bequest by Miss Irene Gurdy and a memorial fund in Mr. Parsons' honor. The Trustees intend to use the Gurdy bequest to furnish the youth room and the fund in Mr. Parsons' name will be held until an appropriate use can be decided upon. The Every Other Tuesday Club and the Rye Lions Club have contributed to this fund. In addition, Mr. and Mrs. Michael Papp, Mr. and Mrs. J. D. Hartford, Mr. and Mrs. R. M. Janvrin, Mr. and Mrs. Lloyd B. Duggan, Mrs. Frank Pickering, Miss Elinor Rand, Mrs. Norman Kent, Mr. and Mrs. Charles Conway, Mr. and Mrs. Joseph Varrell, Mr. and Mrs. Bernard Vaughan, Mrs. Ethel Marshall, Mrs. Lillie Ham, Mrs. S. S. Philbrick, Miss Marjorie L. Chapman, Mr. and Mrs. Leroy Greene, Mrs. Harry Trefethen, Mr. Edgar Rand and family, Mr. and Mrs. Harold Tucker have added to the fund which now amounts to $128.00, and the Trustees thank all those who have help-

ed to create the fund.

In previous reports we have emphasize the great and increasing need for additional space to solve the overcrowded conditions which prevent the staff from giving maximum service to the public. We have presented to the town carefully developed plans for a wing on the rear of the building which would in no way detract from the beauty of the front. This would create a large room to house the bookstacks, additional reading space, better staff facilities, and would free the present stack room for use as a youth room. The present reading room would then be restored to the quiet use of adult patrons. This plan may be seen at the Library and has been widely circulated. We are again asking the Town to authorize a bond issue for this construction. Without it we can not hope to meet the library needs of our growing community.

The State, through the frequent use of the State bookmobile, has provided many additional books for our use; and many others have been secured by the use of the mailing service. This State Library service is available at a small mailing fee, which the local library pays, and this makes it possible for our Librarian to fill requests for any book not on our own shelves. This has been very helpful to many of our student users in supplying material not otherwise available. The Trustees call your attention to this service in hope you may make use of it.

The Fiftieth Anniversary of the presentation of the library building to the town by Miss Mary Tuck Rand was celebrated on June 22nd. Open house was held at the library with the Junior Women Club members serving as hostesses. A brief program reminescent of the ceremony of fifty years ago was presented, and a display of photographs and other records was in charge of Mrs. William Varrell.

The outside woodwork of the building was painted in early June. We feel that this, with the inside decorating done last year, has given us a most attractive building.

Your Trustees are grateful to Mrs. Trefethen and

Miss Chapman for carrying on the work of the Library with patience and devotion. We commend our caretaker, John Moynahan, for his faithful and efficient work.

Signed,

ELIZABETH A. GREENE,
HELEN F. PHILBRICK,
Trustees.

Librarian's Report

It was a great disappointment to the librarians and the trustees of the Rye Library, as well as to many of its patrons, that at the last town meeting, the townspeople did not vote the necessary funds for the building of an addition to the library. The need is greater than ever before and it is hoped that, at the 1962 Town Meeting, the necessary support will be forthcoming. Under the present crowded conditions, it is impossible to give adequate service to those who use library resources for entertainment and pleasure or to those who must use its resources in pursuit of education. It is becoming increasingly difficult to find space for the number of books which a growing town such as Rye should have available for its residents.

On June 22, 1961, the Rye Public Library marked the fiftieth anniversary of its dedication. This was a memorable occasion and was celebrated by the presentation of the following program, patterned on that given on June 22, 1911, when Miss Mary Tuck Rand, with great generosity and foresight, presented the Library to the town.

PROGRAM

Prayer ..... Rev. Adrien R. Aeschliman, *Pastor, Bethany Congregational Christian Church*

Welcome ..... Charles W. Parsons, *Chairman Board of Library Trustees*

History of the Rye Public Library
..... Mrs. Shirley S. Philbrick, *Library Trustee (for 45 consecutive years)*

Miss Mary Tuck Rand's Dedication Speech
..... Miss Elinor C. Rand

How the Library became a reality to Miss Mary Tuck Rand
..... Mrs. Louise Rand Pickering and Mr. Thomas Foss Rand

Rereading of the Dedicatorial Address of Dr. John W. Parsons, given in 1911
..... Dr. John L. Parsons

The Library Today ..... Mrs. Helen H. Trefethen, *Librarian*

The Library's Effect on our Town
..... Joseph O. Varrell, *Chairman Board of Selectmen*

The Library's Part in Our Schools
..... Robert L. Luther, *Principal*

Our Library Tomorrow ..... Mrs. Elizabeth A. Greene, *Library Trustee*

Members of the Rye Junior Women's Club acted as hostesses and served punch and cookies following the program. Among the guests present were several area librarians, Mrs. Mildred McKay, State Librarian, and many other interested friends of the Library.

During 1961, 773 books were added to the library shelves. Of these 83 were gifts, 33 were purchased from fine money, and 657 from town and trust funds. We have also borrowed 778 books from the State Bookmobile and 148 books directly from the State Library in answer to specific requests from patrons. We subscribed to 19 magazines and have had a number of others given to us regularly. These circulate widely and, with the aid of the Reader's Guide to Periodical Literature, are also used extensively as reference material. 25,515 books were circulated during the year. Of these, 9,095 were children's books.

Our reference books have been in great demand, especially during the winter months when the school children are assigned many research problems and projects. Each year we endeavor to add to our reference library. This year we have purchased from fine money a very good concise encyclopedia, The Lincoln Library.

In November, we were deeply saddened by the sudden death of Mr. Charles Parsons, Chairman of the Board of Library Trustees. The loss of Mr. Parsons to the church, the library, and the town is immeasurable, for, since his return to Rye much of his time, talents, and energy had been devoted to these. His interest and pride in the Library began when he was a boy living in Rye, and continued to grow when, five years ago, he returned to make his home here. As a trustee, he worked untiringly for the improvement of the Library. In this respect, he had spent a great deal of time on the plans submitted for the expansion of the library building. This project was dear to his heart and it was a keen disappointment to him that it did not materialize. As evidence of the esteem in which Mr. Parsons was held, a sizeable sum of money has been received by the Library in the form of memorial gifts.

We would like here to express our gratitude for these gifts and the many others received during the year from interested friends and organizations.

This year there has been established a trust fund to be known as the Gilman and Mabelle Lougee Fund. This was a very generous bequest under the will of Gilman M. Lougee, and the income from it is to be used for the purchase of books.

Respectfully submitted,

HELEN H. TREFETHEN,
Librarian.

Report of Trustees of Trust Funds

Ten trust funds were added during 1961, No. 285 to No. 294, aggregating $7,525. Of these funds, No. 288 and No. 289 (totalling $6,350) were designated for the Town Library. At the present time, 276 trust funds have been established for the perpetual care of cemetery lots, and the income from 18 funds is available for the use of the library.

In the general trust fund, investments are as follows: Town notes $16,150, bank stocks $32,699, mutual funds $23,751, insurance companies $11,910, and miscellaneous bonds and stocks $20,397. In the general fund are the individual trusts for the care of lots in Central Cemetery, except No. 25 which is for the upkeep of the Seavey Cemetery at Langs Corner and No. 80 for the Locke Cemetery at Straws Point.

The Dalton trust fund, No. 66, was established for the care, improvement and beautification of Central Cemetery and is invested in the following securities: Town notes $20,650, bank stocks $26,195, mutual funds $14,509, U. S. bonds $12,998, and other bonds and stocks amounting to $11,349.

Many privately owned lots in Central Cemetery are still without perpetual care. Owners of these lots are encouraged to provide funds for their upkeep.

Respectfully submitted,

AGNES M. BROWN,
MILDRED I. RAND,
JOHN L. PARSONS,
Trustees of Trust Fund.

School Board Report

"I view education as the most important subject we as a people can be engaged in." — Abraham Lincoln.

The above statement carries great weight in the thoughts and actions of your local School Board. We are striving toward more efficient schools through advanced knowledge of curriculum studies guided and aided by superior knowledge on behalf of our Superintendent, Principal, and Teachers. They themselves are totally engaged in the subject of education, not only as teachers, but continually attending to the theory that a good instructor is one who is always striving to learn himself.

It has been our pleasure as the local Board of Education, representing all the citizens of the Rye School District, to indulge wholeheartedly into the workings of our school system. We have done this by spending numerous hours at meetings with our Superintendent and Principal, and by being in the school on various occasions to attend to many items which arise in our expanding educational system. It has also been my pleasure to have participated recently with the teachers in the Social Studies course under the guidance of Doctor Wilson from Boston University. I better understand the problems which face the teachers and the tremendous burden placed upon their shoulders when they have the responsibility of educating our children.

Our school system is thriving and we feel it is comparable to the best. You will find more detailed information in the Principal's report, but a few items bear acknowledgement on behalf of our very able Principal, Mr. Robert L. Luther. The homogeneous grouping of children in grades two through eight has brought about noticeable advancement. A group of eleven teachers from Rye participated in Team Learning at Hampton last spring and the results were gratifying. Rules and regulations of conduct by and among the students has been initiated at the Junior High. Also last year a safety patrol was instituted. A master

schedule was established as a curriculum guide in grades one through eight. A follow up of Mr. Luther's Pilot study in Social Studies is being completed. The eighth grade I.Q. and Achievement Test results were sent home for the first time last spring. A complete inventory of materials, books, and supplies was done with the aid of Bettiann Donahue, thereby eliminating duplication, waste, revaluation of materials, resulting in the purchase of modern up-to-date books. During the past summer a mathematics curriculum study was completed on grades one through six, with the study of grades 7 and 8 nearly completed. Through Mr. Luther's initiative and aided by a wonderful donation of $150 from the P.T.A., also donation of time by the Rye Junior Women's Club, to catalogue the books, under the direction of Mrs. Mary Gray, as well as donating some books, a partial start of a central library has been set up in our cafeteria. Also handbooks for parents were sent home to familiarize the parents with the operation of our school system. Our many thanks to a very fine and able administrator.

We are extremely pleased with our new Superintendent, Mr. Jason Boynton, who is certainly a man well versed in the field of education as well as the field of public relations. I am confident that he will lead our schools to new and broader heights in educational advancement.

We are proud of our teaching staff in Rye. As may sometimes arise in large families, so do problems arise in our group. In most instances these problems become over-exaggerated and not of a too serious nature and are best left within the group to solve among themselves. I can say confidently that our teachers are acutely aware of the demands placed on today's education and are devoting their time to advancement through courses at U.N.H., B.U., etc. I know their aim is for the highest quality that they can offer in education. They are to be commended for their quality of skill and ability.

After three years of continuous study, we are finally coming to the citizens and parents of Rye asking for their

wholehearted support in our current building proposal. Our present Junior High School is using a supply room in the cellar for a classroom. Every classroom is filled to capacity. Our present gymnasium is being used for music classes and Social Studies and is far from adequate. Our toilet facilities, built in 1934, are well below standard and desperately need renovation. Our proposal is not one made in haste, but with considerable thought to our needs. We will acquire three additional classrooms through renovation, a library, a principal's office. a new kitchen and cafeteria, a music room, shower rooms for boys and girls and a gymnasium-auditorium available for town functions as well as school with a seating capacity of 625. We solicit your wholehearted support.

Lastly, it has been a pleasure to work with my fellow board members. It has always been with cooperation on everyone's part. We have strived to base all decisions relative to school administration upon available facts and to vote with honest conviction in every instance without being swayed by partisan bias of any kind. We feel it is our duty to understand and evaluate the educational program of our schools as well as to plan for the business of school operation.

We wish to extend a welcome to an encouraged active cooperation by our local citizens and organizations with respect to policies on school operation and proposed future developments in our school system.

We wish to thank the following organizations for their generous donations: Rye P.T.A., $150 for library, $200 for scholarships, $50 to school band, $5.00 per teacher for purchase of books at conventions, and assistance in pre-school round-up. The E.O.T.C. for their living Christmas Tree and graduation awards. The D.A.R. for their History awards, the Veterans of Foreign Wars for their donation of Flags for our schools, and Mrs. Natalie Morrison for her help at our pre-school round-up.

Respectfully submitted,

MAYNARD L. YOUNG, JR.
Chairman,
HELEN J. POTVIN,
BUFORD POTTS
School Board.

Record of School Meeting

March 11, 1961

At a meeting of the inhabitants of the School District of the Town of Rye, qualified to vote in District affairs, held March 11, 1961 at 8 P. M. in the afternoon at the Rye Town Hall, the following business was transacted:

1. Charles W. Gray was nominated Moderator by Mr. Theodore Bartlett. The nomination was seconded. It was then moved, seconded and passed that nominations cease. It was then moved, seconded and passed that the Clerk cast 1 ballot for Charles W. Gray to serve as Moderator for the coming year.

2. Helen M. Philbrick was nominated Clerk by Mr. Delwyn Philbrick. It was seconded. It was moved, seconded and passed nominations cease. It was then moved, seconded and passed the Moderator cast 1 ballot for Helen M. Philbrick to serve as Clerk for the coming year. This vote was complied with and Helen M. Philbrick was declared Clerk for the coming year.

3. Delwyn E. Philbrick was nominated by Mr. Curtis Frazier to serve as member of the School Board for the ensuing three years. It was seconded.

Buford Potts, Jr. was nominated by Dr. Robert O'Brien to serve as member of the School Board for the ensuing three years. It was seconded.

It was moved, seconded and passed that nominations cease.

Dr. Robert O'Brien moved the ballots so printed be adopted as printed ballots for purposes of this election. It was seconded and passed.

William Varrell moved the Town Check List be used for this election. It was seconded and passed.

The Moderator appointed Rodman Gearhart, Walter Emery and Norman Kent to serve as tellers.

The vote for Member of School Board was as follows:

No. of ballots cast	246
Necessary for choice	124
Buford Potts, Jr.	145
Delwyn E. Philbrick	101

Buford Potts, Jr. was declared a Member of the School Board for the ensuing three years. He was duly sworn.

4. Agnes Brown was nominated to serve as School Treasurer for the coming year by William Varrell. It was seconded. It was moved, seconded and carried that nominations cease. It was moved, seconded and carried the clerk cast 1 ballot for Agnes Brown to serve as Treasurer. This vote was complied with and Agnes Brown was declared Treasurer for the coming year.

5. On motion of Robert Goss, which was seconded, it was voted the Town Auditors act as School Auditors.

6. Although Article six, pertaining to hiring an Assistant to the Superintendent had been turned down by other towns in the Union, the School Board wished to know the feeling of the District on this question and asked for a straw vote. However, on motion of Mrs. Greene which was seconded, it was voted to lay this article on the table.

7. Maynard Young, Jr. explained the purpose of the School Board in asking for this article calling for $500 for architect's advice and the need for a building program

of some kind in the near future. Mr. Dill explained the advisability of paying the architect a small sum so the District would not necessarily be obligated to any one person. Mr. Goss moved the article be accepted as read. Joseph Varrell amended the article, deleting the words "to continue the study previously voted by the town." This amendment was accepted and voted. The article now read "To see if the School District will vote to authorize the School Board to act as a building survey committee and to raise and appropriate the sum of $500.00 for architect's advice or plans for this purpose — said School Board to submit a report at the next annual meeting, and further to authorize the School Board to apply for and accept any State or Federal monetary aid for such purpose." On motion of Mr. Alexander Smith, the article as amended was voted.

8. Article 8, requesting a system of balloting, was discussed at length. The School Board recommended the article and Mr. Dill advised changing the hours to comply with State Law. Mr. William Varrell moved the article be tabled. The motion was lost. Mr. Arthur Tibbetts then moved Article 8 be adopted as read. Mr. Frederick Champion moved to amend the article to read "To see if the District will vote to elect its school district officers by an official ballot, and adopt the non-partisan ballot system as provided in New Hampshire Revised Statutes Annotated, 1955, in Chapter 59, Sections 73 and 77 to 86 inclusive, together with amendments thereof." Article 8 as amended was voted, but as the amendment had not been accepted, the Moderator asked for a reconsideration of the vote. The amendment was voted by the district. Then on motion of Mr. Champion, Article 8 as amended was approved and voted.

9. On a motion by Mrs. Myrna E. Johnson the adoption of Article 9, as set forth in the School Warrant in the amount of $322,278.64; (three hundred twenty-two thousand, two hundred seventy-eight dollars and sixty-four cents); plus the sum of $500 (five hundred

dollars) voted in Article 7; plus the sum of $200 (two hundred dollars) as voted in Article 8; total moneys voted for school purposes to be $322,978.64 (three hundred twenty-two thousand, nine hundred seventy-eight dollars and sixty-four cents), was seconded and carried.

10. Joseph Varrell moved Article 10 authorizing the School Board to apply for and accept on behalf of the District, grants for educational purposes. The motion was carried.

11. A resolution was presented by Mr. Fred Heimlich, expressing the appreciation of the District for valuable services rendered by Mr. Reade. The resolution was accepted and voted, entered on the records and a copy sent to Mr. Reade. Dr. O'Brien requested a rising vote of thanks for Mr. Reade. This was complied with. Maynard L. Young, Jr. moved for a rising vote of thanks and applause for Mr. Frederick Champion who is retiring from the board after six years of faithful service. This motion carried.

Moved and voted to adjourn.

Respectfully Submitted,

HELEN M. PHILBRICK,
Clerk of the District.

HELEN M. PHILBRICK, *Clerk.*

Report of the Superintendent of Schools

To: School Board Members and Citizens of Supervisory Union #21

The writer, in this, his first report to citizens of Supervisory Union #21, is providing information about this Union with the hope that it will be of interest to citizens and add generally to the understanding of educational organization within our state.

There are seven elementary school districts and one Cooperative School District in this Supervisory Union.

In September of 1961 there were 2,688 elementary pupils in grades 1-8 inclusive in the towns of Hampton, Hampton Falls, New Castle, North Hampton, Rye, Seabrook, and South Hampton and 661 secondary students attending Winnacunnet High School, Cooperative School District #6, from the towns of Hampton, Hampton Falls, North Hampton, and Seabrook. It is of interest to note that the total of 3,349 pupils exceeds the total population of each of the several towns within the union except Hampton.

The organization of school districts into supervisory unions is required by action of the State Legislature to provide educational supervision and to ensure compliance with State Laws. The statutes require school board members within a supervisory union to meet between April 1 and June 1, annually, to choose a chairman, secretary, and treasurer of the supervisory union. Also at this meeting the joint board nominates a superintendent, if a vacancy exists, determines the superintendent's salary, and conducts such other business as may be necessary.

Before January 1 the supervisory union board adopts a budget for the next fiscal year, which budget includes items necessary for the operation of the union. The budget is apportioned to the several participating districts according to a formula prescribed in the statutes. Each district is required to raise the apportioned amount at the next annual meeting of the district.

Supervisory Union #21 provides supervisory and administrative services for 176 professional staff members, 14 secretaries, 18 custodians, and 20 cafeteria workers. Bookkeeping services are provided for transactions amounting to $1,791,126.00 as budgeted for the 1961-1962 school year.

The staff of your supervisory union office includes: a teacher consultant, an executive assistant to the superin-

tendent, a bookkeeper and two secretaries. This staff is exceptionally competent, and indeed it must be to provide the administrative services required for a union of this size.

Miss Leota R. Whitcomb, Teacher Consultant of Supervisory Union No. 21 is a very able person. Her responsibilities are principally educational in nature. She works with individual teachers to improve instruction at the elementary level and assists the superintendent in many matters of educational significance. Curriculum (what we teach) and instruction (how we teach) are constant concerns of any school system. The why, when, where, and who also come under scrutiny, but the first two — content and method — are more subject to change as well as subject to demands for change by splinter groups. If change is to result in better education there must be a study of all factors involved.

During the school year 1960-61 a science curriculum guide for grades 7, 8, and 9 was completed and an arithmetic guide for grades 1 through 6 entered the final editing stage. Both of these projects, begun under the leadership of Superintendent of Schools, C. M. Green, were carried on over a two-year period by committees of teachers, working with Teacher Consultant Whitcomb, and members of the State Department of Education. Each curriculum guide represents a thorough study of methods, materials, subject matter, and research, and each guide attempts to present the best thinking of those participating in the study.

It is a function of the supervisory union office to encourage study which will promote change and improvement in our curriculum, but to the committee of teachers who devoted much outside time and effort to this work much credit is due.

Because of these many changes in curriculum and instruction, it is important that we keep abreast of the best educational thinking. To this end the Teacher Consultant participates in many meetings, both within and without the Union. She frequently arranges for meetings

of various staff groups, sometimes to share ideas within the group and sometimes to bring in new ideas. Many consultants have been invited to our schools in the past year — reading specialists, consultants in mathematics, science, foreign languages, guidance, testing, and others.

Through courses arranged by the Union Office, teachers have had opportunities to learn more about elementary school science, social studies, and mathematics, and about guidance, team learning, and audio-visual aids. With a large number of teachers enrolling in these courses our school system keeps alert and informed of latest methods and materials, and choosing the best from these, better education is offered to the boys and girls.

Miss Edith Hammond has served this union as Executive Assistant to the Superintendent for eight years. School Board members are well acquainted with the high quality of her work and the many hours required to attend to the business affairs of the eight school districts. She has received national recognition and is presently serving her second year as President of the National Association of Educational Secretaries, a Department of the National Education Association. Above and beyond the planning and correspondence involved with such a position, she has traveled from one side of the United States to the other twice within the past year. She attended the NAES Convention and Institute in Oregon in July, and the National Regional Meeting in California in November. As President she is frequently called upon as speaker at local and state meetings of Educational Secretaries, particularly in the Northeast area of the country; attends NEA Conventions as a delegate from her Association; and participates in the annual meeting of Presidents and Executive Secretaries of NEA Departments which is held in Washington, D. C. Her term as President will close with the annual convention in July to be held in Emporia, Kansas.

Miss Marjorie Lord competently prepares payroll manifests totaling approximately $1,026,300.00 annually as well as other transactions for the eight school districts.

Two secretaries, Mrs. Jean Lovejoy and Mrs. Judy Batchelder effectively handle the volume of correspondence, reports, and general office routine, that one finds in a busy office. The secretarial work of a union office is quite different from most other offices and the training and experience these staff members have acquired is of considerable value to the supervisory union.

It may interest the reader to study for a moment the chart provided below which depicts the growth of the several communities within this school union. Please notice the comparative figures for the year 1950 and the year 1960.

COMPARATIVE STUDY

TOWN AND SCHOOL POPULATIONS, 1950 - 1960

Towns Within Supervisory Union #21	*Town Population 1950*	*Town Population 1960*	*% of increase*	*School Population 1950*	*School Population 1960*	*% of increase*
Hampton	2847	5379	88.9	482	1322	174.3
Hamp. Falls	629	885	40.7	98	201	105.0
New Castle	583	823	41.2	69	139	101.4
No. Hampton	1104	1910	73.0	212	461	117.5
Rye	1982	3244	63.7	341	686	101.2
Seabrook	1788	2209	23.5	338	493	45.9
So. Hampton	314	443	41.1	40	93	132.5
TOTAL	9,247	14,893	—	1,580	3,395	—
Average Per Cent of Increase			61.1			114.9

The total population of Supervisory Union No. 21 increased from 9,247 to 14,893 — a per cent increase of 61.1 — while the school population increased from 1,580 pupils to 3,395 — a per cent increase of 114.9. The total population increase is conspicuous, but one may also note that pupils attending public schools make up a significantly greater per cent of the total population in 1960 than did the pupils in 1950. Nearly one in every four of the total population is a public school pupil in 1960.

The citizens of these several towns should indeed be complimented for having provided the additional classrooms, staff and materials required by such rapid growth. Additional pupils is one reason for increased cost for education.

It is relatively an easy matter to show population growth, but the matter of improved quality of instruction is far more difficult to treat objectively. One thing is certain — there has been lively activity in the "pursuit of excellence" during recent years and there is every indication that such activity should continue.

The key to quality instruction is as it always has been, a quality staff. One of the most important functions of the supervisory union office is the recruitment and selection of competent teachers. Personnel practices must facilitate the retention of able staff members and provide for the removal of ineffective personnel.

Much progress has and is being made toward improved quality of instruction. Television is being used to make superior teachers available to many pupils, improved audio-visual aids are used to liven teacher presentations, team teaching is being tried as a promising new method of instruction, large group instruction and team learning are being used experimentally in some schools, and increased guidance services to assist students in the selection of courses appropriate to their capabilities.

The writer wishes to acknowledge the cooperation which Superintendent C. M. Green provided during the transfer of administrative responsibility. It is to his credit that the Supervisory Union is well organized and that the transfer of responsibilities presented no unusual difficulties.

In the report an attempt has been made to acquaint citizens with the structure, functions, and staff of the supervisory union office. The reader will find information relative to developments within the particular school district in the Principal's report.

The writer is sincerely appreciative of the many kindnesses extended to him and he pledges his best efforts to the responsibilities and duties of this office.

Respectfully submitted,

JASON E. BOYNTON,
Superintendent of Schools.

January 24, 1962

Report of the Principal

As principal of the Rye Schools it is a pleasure to be afforded the opportunity of reporting to you, the citizens of Rye, a description of the events that have taken place in the Rye Schools during the past year.

Through the foresight of the School Board and the citizens of Rye the minimum salary for teachers was raised from $3600 to $4,000 at the 1961 School District Meeting. This step forward has enabled the School District to obtain qualified and very competent replacements for the staff. A total of ten staff changes took place during the year 1961.

The enrollment figures compiled at the end of every month of the School year show a gradual increase, a trend that is expected to continue for many years to come. The enrollment figures for December 1960 as compared to figures for December of 1961 show an increase of 20 students. At the present time all grades are divided into three divisions with the exception of grade two and grade seven, which have two divisions. The average class size is 25 students.

Space requirements for the Elementary School, which houses grades one through four, are adequate and any future problem in regard to overcrowded conditions developing is not anticipated. The present facilities that are available at the Center School are inadequate, and in some cases antiquated, with a definite need for change in evidence. History and music classes are being held in the

gymnasium, some history classes are held in the cafeteria. The Home Economics room when not in use is being occupied for art classes. At other times during the day, art classes are held wherever a room happens to be unoccupied, a condition which does not lend itself to enhancing this program. Remedial Reading classes have been held in a storage room located in the basement of the building. To summarize the present conditions, the best one can say is that a patchwork operation is in effect. It is my sincere hope that the citizens of Rye can see their way clear to endorse the proposed building addition to the Center School, a step that I am sure will be of great benefit to the future leaders of Rye and to the Town itself.

Continued efforts on the part of the School Board, administration and teachers is constantly being made to evaluate, improve, revise, and change when necessary the curriculum of the schools in an attempt to educate each child in the community to his point of excellence.

This on the surface may appear to be unobtainable, however, with the world situation being what it is, we should consider that we are failing mankind if our goals are anything less. Changes have and are taking place in the curriculum of the Rye schools as follows:

1. *Reading.* Introduction and use of Science Research Association Reading laboratories for grades two through eight. These laboratories have aided in strengthening the over-all reading program.

2. *Remedial Reading.* The School system suffered a severe loss when Mrs. Bettiann Donahue left, in December. It is hoped that this position can be filled in the near future.

3. *English.* (*Language.*) A new series of text books for grades 2 - 6 was introduced this year. This series has proven to be superior to previous books used and is of great benefit.

4. *Arithmetic.* (*Math.*) The introduction of new meth-

ods and a partial revision of the 7th and 8th grade math program has seen material advance in this subject.

5. *Foreign Language.* Mrs. Sykes, in addition to teaching French in the 7th and 8th grades has been working with groups in the 5th and 6th grades on conversational French. Under the very capable leadership of Mrs. Sykes this program has progressed rapidly and with the addition of material provided under N.D.E.A. funds improvement will continue.

6. *Science.* With the aid of funds from the N.D.E.A. much science equipment has been purchased for use in the school which has enabled our program to keep abreast of the rapid changes taking place in science.

7. *Social Studies.* Our entire Social Studies Curriculum is undergoing a revision with many changes planned for the forthcoming year.

8. *Handwriting.* The Rinehart System of handwriting is being used in the Rye Schools. A specialist from the Rinehart Company visits our schools periodically and evaluates the handwriting throughout the schools.

9. *Home Economics.* All girls in the 7th and 8th grades are now having classes in this subject, under the very capable leadership of Mrs. Margaret Barry.

10. *Industrial Arts.* Mr. John Newell has reorganized this program and all 7th and 8th grade boys are learning a basic understanding of hand tools as well as receiving instruction in the use and care of larger machines.

11. *Music.* Mr. David Manseau, who was hired to instruct music in the Rye Schools 4½ days per week, has devoted much time and effort to upgrade the music program. It is planned that in the coming year Mr. Manseau will be in the Rye School full-time with the additional responsibility of directing the Rye School Band.

12. *Physical Education.* An attempt has been made to include in our curriculum 15 minutes a day of exercise, but due to lack of space and time, this is sometimes difficult to accomplish.

13. *Extra-curriculum.* As a supplement to the regular curriculum, interscholastic athletic teams are organized for girls and boys from grade six through eight. A special choir has been organized this year, also an art club under the supervision of Mr. Manseau and Miss Norwood. Monthly dances are held for members of the seventh and eight grades.

The backbone of any educational system depends almost entirely on the classroom teacher. I feel that the town should be very proud of the teaching staff of our schools. I have found them to be a very cooperative group, hard working, conscientious and dedicated people who are genuinely interested in developing the children of Rye to the maximum degree of potential.

In conclusion I would like to express my appreciation to the entire staff for their intelligent assistance and loyal support, and also to the school committee and other citizens of Rye, my appreciation for their understanding of school problems and their readiness to work on behalf of our school children.

Respectfully submitted,

ROBERT L. LUTHER.

Hot Lunch Program

The need for additional help to carry out the lunch program has been met with the addition of two part-time paid helpers. Mrs. Barbara Walker is in charge at the Center School, assisted by Mrs. Enid Davis. Mrs. Lorraine Shaw and Mrs. Evelyn Ireland are the workers at the Elementary School.

The percentage of those children taking hot lunch has shown a steady increase over the years. Comparing the period of October - December 1960 with the same period in 1961, an increase of five percent is shown. On the average, approximately 60 percent of those attending Rye schools purchase hot lunch daily.

The price for lunches at the Elementary School is $1.25 per week, and $1.50 per week at the Center School.

A sample lunch this year that the children enjoy is

Fried Chicken
Mashed Potatoes Peas Cranberry Sauce
Bread and Butter Milk
Fruit Jello

Respectfully submitted,

MRS. ELEANOR EMERY.
Hot Lunch Supervisor.

RYE SCHOOL DISTRICT

Statement of Rye School Lunch Account and Proof of Balance

Fiscal Year Ended June 30, 1961

Balance June 30, 1960		$1,129.14
Receipts during year:		
National School Lunch and Milk Reimbursement	$3,582.80	
Lunch Sales — children	13,517.39	
Lunch Sales — adults	863.50	
		$17,963.69
		$19,092.83
Expenditures during year:		
Food and Milk	$13,502.41	
Labor	3,211.23	

Equipment	338.53	
Transportation (Gov. Surplus)	81.96	
Internal Revenue	962.20	
State Treasurer	331.52	
		$18,427.85
Balance — June 30, 1961		$664.98

Proof of Balance

Balance in Bank — Per Statement of June 30, 1961	$1,467.19	
Less: Outstanding Checks	802.21	
Reconciled Balance — June 30, 1961		$664.98

ELEANOR EMERY,
Lunch Manager.

Report of the School Nurse

To the Superintendent of Schools and the School Board of Rye:

In the past, any child who had a speech problem was referred by me to the Portsmouth Rehabilitation center for therapy. This year a weekly itinerant class in speech therapy was set up at the Rye Elementary School. At this time we have twelve children who are taking advantage of this program.

Physical examinations were done on all pupils of the second and sixth grades and all boys who planned to participate in sports.

Last May two pre-school clinics were held for the purpose of a doctor's examination and for school registration. A total of fifty-five children were seen and examined by Dr. James Sanders, School Physician. All children were weighed and measured and a complete health report was recorded on each one.

Dr. Robert Willmer, dentist, inspected the pre-schoolers' teeth and talked with parents.

An evening polio clinic was held at the Elementary School in June. Eighty-two persons received Salk Vaccine.

All students have been weighed, measured and given eye screening tests. Twenty-six pupils were found who needed complete eye exams. All were seen by an eye specialist and the condition corrected.

Hearing tests were done on children in the first, third, fifth, sixth, seventh, and eighth grades.

Tuberculin patch testing was offered all pupils in the first, fourth, and seventh grades. Nearly all students took advantage of this opportunity.

Urinalyses was also conducted in the first, fourth, and seventh grades.

Classrooms are visited regularly. Health films are shown and problems are discussed. Two-hundred and sixty-six home contacts were made by me in 1961.

Sincerely,

JESSIE M. SHORT, R. N.
